

Balancing risk and reward

Lincoln fixed indexed annuities

Most investors want the best opportunities for their nest egg, but it often becomes a balancing act between a sense of security and the growth potential of the markets. A fixed indexed annuity can provide some of the better features of both worlds. How does it compare with your other investments?

Lincoln fixed indexed annuities provide:

- **Protection:** Preserve and protect 100% of your accumulated money¹
- **Growth Potential:** Earn interest based on the performance of the S&P 500 Index²
- **Guarantees:** Interest rate minimums, access to money for the unexpected, and a death benefit³
- **Income:** Options to meet retirement income needs, including lifetime income

¹ If you do not withdraw the premium payment(s) or any interest from the annuity, and if you have not purchased any riders, the value of your money cannot go down. Guarantees, including those for optional features, are subject to the claims-paying ability of The Lincoln National Life Insurance Company.

² The method of crediting interest will depend on the account chosen.
