HOW HEALTHYFOOD WORKS

Clients automatically qualify for the HealthyFood benefit during their first year with the John Hancock Vitality Program.

In year two and beyond, they'll need to achieve a Gold or Platinum Rewards Status to take advantage of the program. They will, however, continue to accumulate Vitality Points for their healthy food purchases no matter what their Vitality Status. HealthyFood is currently available on all life insurance policies with Vitality.*

*The HealthyFood benefit will be available on John Hancock Term with Vitality policies at or below \$2,000,000 in May 2016.

MORE REWARDS FOR HEALTHY LIVING

The HealthyFood benefit is just one of the many ways your clients can save money and earn valuable rewards with the John Hancock Vitality solution. With this exclusive new benefit, they can lower their grocery bill, weight, blood pressure, and life insurance premiums all at the same time.
